

## Board of Trustees Douglas County School District

## PROGRAM

### HOMEBOUND INSTRUCTION

Upon written request, the Board of Trustees may provide short-term individual instruction by classroom teachers to students confined to home or hospital for a temporary physical disability, illness, injury, or psychological/psychiatric condition.

The Board shall not provide individual instruction when the delivery of such instruction presents a hazard to the teacher; a parent or other adult in authority is not at home with the student during the hours of instruction; the condition of the student is such as to preclude his/her benefit from such instruction; or the student's absence from school is so brief as to not constitute a serious disruption to the student's educational program.
